Footprints for Learning Preschool - Kingsheights

Theme:

Music

Virtue:

Patience

Letters:

d,j,u,f

Numbers:

8,9,10,11

Show and Tell:

Things that support our theme of Music

Reminders:

With our weather changing daily please remember to bring jackets, hats and gloves as we will be going out as much as we can.

What happened last month:

We started off the month with our stone soup. It was great to see all the parents come out and enjoy the soup the children prepared. The children learned why we celebrate thanksgiving and what they were thankful for. We were able to go out and see our changing outside world with nature walks as we viewed the changing fall trees. We learned about nocturnal animals through stories, poems, physical fitness, books and items brought in by the children. In gym, the parachute was fun, and the children learned about echolocation, as some of our nocturnal animals use this technique to find their way at night. The children made a bat cave and had the chance to take a closer look at bats. In art we made snowy owls using ponderosa pine cones and turkey hand prints. We ended our busy month with our Halloween parties, it was great to see all the costumes.

Things to look forward to this month:

This month we will be learning about music and composers. We have a special guest coming in on November 6th and 7th. Parent Teacher Interviews will be November 12th from 7 am to 6pm. We will also be practicing our Christmas songs for the Christmas concert coming up on December 2nd.

Questions or Concerns?

Please see Mrs.Doreen after class or email her at: teachers_kh@fflpreschool.com
